

4" Centrifugal HS AC/DC Submersible Solar Pumps

HS 22-154, HS 22-308, HS 35-115, HS 35-190

Parts Available for
Service & Repair

- DC or AC Power
- Operating Voltage Ranges (90 - 265 VAC / 90 - 400 VDC)
- Durable Long Life Everyday Pumping
- Made for Use in Remote Locations
- Stainless Steel Construction
- Float Switch/Remote Switch Compatible
- Low Water Sensor Dry Run Protection
- Readily Available Parts for Service & Repairs
- Quick and Easy Installation
- Maximum Power Point Tracking (MPPT) Technology for Solar Panels
- Two Year Warranty

HS 22-300 AC/DC
DC Voltage 90-400 Max Amps 12
AC Voltage 90-265
